

I would like to encourage you to not expand Low Power FM which would take priority over current FM translator services. I am particularly concerned about my reception of K-Love radio heard on 106.7 in Durham, NC. This station provides a much-needed alternative to other local stations in that it plays uplifting, encouraging, and educational Christian music and messages. This station has been a positive influence in my life; I listen to it almost exclusively and don't know how I would get through my work day without listening to it on my way to work in the mornings. I feel that it is important to provide an alternative to the negative influences of other stations on the moral fabric of our society. I implore you to allow translator service of K-Love to continue, to help improve the moral culture of our society. I feel it is in the best interest of our community to do so. Thank you for your consideration.
